Stopped Cold

Author's Notes:
This idea came to me while I was taking a shower last night. I've always wanted to put up a Trivium fic since these guys almost never get any love. Cheers!

Without switching the light on, Matt took off his briefs and went into the shower. He felt water cascade onto his back, embracing him with warmth.

Matt was able to reach for the soap in spite of the pitch black around him and proceeded to wash himself down. His body had stopped cold when he heard the shower curtain rustle beside him and someone else stepping in.

Thin, tender hands caressed his torso all over and he was paralyzed by soft lips grazing his neck. Scared, Matt turned back.

His heart jumped when he noticed it was Paolo behind him.
